

JOSH ALLAN DYKSTRA

FUTURIST • KEYNOTE SPEAKER • ADVISOR

Josh Allan Dykstra will revolutionize the way you see work & create Energizing Human Systems™ for a hopeful future.

SHORT BIO

Josh Allan Dykstra is a practical futurist and the world's leading expert on Human Energy™ and Energizing Human Systems™. He's spent the last two decades building five companies and working with the most iconic brands on earth, his clients having a combined employee count of over a million people. Josh is also an author, TEDx speaker, and Founder & CEO of The Work Revolution, where they fight for the future by fixing work.

LONG BIO

Josh Allan Dykstra is a practical futurist and the world's leading expert on Human Energy™ and Energizing Human Systems™, helping audiences fix their life-sucking systems and build energizing, future-ready ones instead.

As a rockstar-turned-tech founder, Josh offers a refreshing perspective on business systems and people ops, inspiring influential leaders to think bigger and challenge the status quo. Over the past two decades, Josh has served a client list of companies (Microsoft, Sony, Genentech, CHANEL, Amazon, and more) that collectively employ over a million people. Josh is the founder and CEO of The Work Revolution, and his articles and ideas have been featured by Fast Company, Forbes, and The Huffington Post.

Josh holds an MBA in Executive Leadership from the University of Nebraska-Lincoln and his book, *Igniting the Invisible Tribe: Designing An Organization That Doesn't Suck*, is available on Amazon and Audible.
