OPTIMISTIC FUTURIST • KEYNOTE SPEAKER

## STAGE INTRO

The future doesn't have to be scary. Our keynote speaker today is here to prove it.

**JOSH ALLAN DYKSTRA (DIKE'-STRUH)** is an optimistic futurist and former rockstar who's spent the last 15 years helping leaders design a better tomorrow.

He's worked with organizations employing over a million people — including Microsoft, Amazon, CHANEL, and Sony.

He's the author of *Igniting the Invisible Tribe* and host of the *Hello Tomorrow Podcast*, where he helps leaders make sense of what's next.

Josh's pronouns are he/him OR they/them — either is fine.
